

FERNE
ANIMAL SANCTUARY

FUNDRAISING PACK

WELCOME AND THANK YOU

THANK YOU for supporting Ferne Animal Sanctuary.

We have been caring for unwanted and abandoned farm and domestic animals for over 80 years. Without the vital support from our fundraisers we wouldn't be able to continue the work that we do. Every penny you raise will help an animal in need, from enabling us to rehome them into a loving home, or giving them a place to live out the rest of their lives.

Some of the animals come to the Sanctuary because they have been neglected or are no longer wanted; others arrive when their owners are no longer able to keep them.

All these animals are given the care and attention they need to enjoy a happy life while they are at Ferne. Where possible, we rehome cats, dogs and horses within a 40 mile radius, providing them with a lifelong safety net should they ever need us again.

FERNE WAS FOUNDED BY THE LATE
NINA, DUCHESS OF HAMILTON & BRANDON
AT THE BEGINNING OF THE 2ND WORLD WAR, AT HER
RESIDENCE, FERNE ESTATE IN DORSET.

You will find everything you need to know in this pack to help get your fundraising started, including some inspirational stories from some of the animals we have helped, not that you'll need any more motivation!

Thank you again and good luck!

Remember to tell us what you are doing and keep us updated with your fundraising plans and stories. Don't forget to send in your photos!

HOW YOUR MONEY MAKES A DIFFERENCE

Annie

Annie is an ex breeder, and when she came to us she was very scared of people, had never been walked on a lead and had not had normal dog home comforts before.

The kennel staff worked hard spending time with her daily. Annie obviously had a tough life as she wasn't very forgiving and after a couple weeks was still very scared of people. She did however love other dogs and would happily follow them to our paddocks where she enjoyed playtime.

We were desperate to find her a new home with a doggy companion to help her become a happy dog rather than living in fear. Annie instantly fell in love with her new owners small dog and was successfully adopted in July 2019 and thanks to the kindness, patience and understanding of her owners she is now a happy, loving dog.

Layla

Layla came to us having been abandoned and left to fend for herself! When she arrived she was in such an awful condition, she had a huge worm burden, a bad eye ulcer, she was emaciated and so weak, she could barely stand.

We gave Layla intensive care and she started to improve but we noticed she was still drinking a lot of water. After having blood tests it was discovered that she had feline diabetes. Layla needed to be injected twice a day with insulin (12hrs apart) continuing for the rest of her life. She also needed to be kept on a very specific diet and her eating & drinking monitored because if she was off her food, the insulin could not be given.

We found a special foster home for Layla and it didn't take too long for them to realise she was there to stay, as she was officially adopted only weeks after.

FUNDRAISER SPOTLIGHT - POPPY, MADDIE AND PALOMA

Poppy, Maddie and Paloma, who are all nine years old ran a whopping 10km and raised a fantastic £970, what an amazing achievement! They put lots of training in and it really paid off! We then received a very generous donation from someone who had read about this fundraiser and was so inspired by the article detailing their fundraiser and the work we do that they wanted to match the amount raised and donated £1000!

Thank you so much to Poppy, Maddie and Paloma for not only choosing to support Ferne but also through your kindness and determination, inspiring others to do the same and for raising awareness of the work we do to care for animals in need.

PLANNING A FUNDRAISING EVENT?

BELOW ARE SOME TOP TIPS!

1) Decide what you are going to do;

What are you interested in? What skills do you have?
How much time do you have? Every little counts, so from a small cake sale to a music gig, we will be hugely grateful for all your efforts, small or large.

2) Decide on a location and date;

There are many great possible locations for a fundraising event; your home, a community hall, hotel or school. Remember if you are holding it outside it will be weather dependant, so have an alternative plan should the weather take a turn! When choosing a date also think about which day would give you the highest turnout and remember to check the date does not clash with any other local or national events. Remember if you are hiring a venue, tell them you are doing it for charity, they may give it to you for free!

3) Have a fundraising target;

Decide on an ambitious but reachable target and let everyone know it!

4) Spread the word;

Publicise your event, to ensure a high turnout. The cheapest way to advertise your event is on social media, use Facebook

and Twitter, as well as emailing your friends and family to help get your message out. It may also be worth spending a little time putting posters up in your local area, or contacting the local newspaper – see section on supporting for more ways in which our fundraising team can help.

5) Rally local support;

If you are planning a community event, don't be afraid to ask your local community for help, ask local shops and restaurants to donate prizes for a raffle or tombola or maybe your neighbour is a wiz at baking cakes, you will be surprised at how many people may be willing to help when it is for charity.

6) The day of your event;

Don't forget we are here to help! Our fundraising team are on hand for support and can help with your event in many different ways – please see the section on support.

7) Sending in the donations;

When your fundraising event has finished, gather all of the donations raised and send them into us. See section on sending your money in.

SPONSORSHIP

Have you decided on a different kind of fundraising challenge? Maybe a bike ride, a hike up a hill (or two!) or something more extreme, then sponsorship is a great way to raise funds. You can set up a personal JustGiving page online, it doesn't take long and it is a fantastic way to share your fundraising story across social media and get instant donations. Plus we will receive all the donations directly from your page.

JustGiving™

Alongside your online sponsorship page or as an alternative to it, you can raise sponsorship funds offline as well. Please ask our fundraising team to send you a sponsorship form.

Make your gift worth 25% more! If your donator's are UK tax payers they can increase their donation by 25p for every £1 they donate, at no extra cost to them through gift aid.

MATCHED GIVING

Don't forget to ask your employer about matched giving because many businesses will match the amount you raise, doubling your donations.

Ruffles & Moon

Ruffles is very friendly and especially enjoys having her tummy rubbed! Moon came here in December 2018, found abandoned. Both are Kune Kune pigs.

SUPPORT

Our fundraising team are on hand to offer support for all our wonderful fundraisers, whether you are doing a community event, an individual challenge or anything else - here is how we can help:

Once you have a date and location set for your event or challenge, get in contact with our fundraising team - we can help spread the word across our social media pages and on our website.

We can also help write a press release and put you in contact with local news agencies.

Send us your poster for printing – we could also add our logo to it!

We can email or post out sponsorship forms – and if you need any more copies, just ask!

Legal and Safety Tips

Public Collections;

Please check if you need permission – for example: Your Local Authority must grant permission for on street collections and a manager or owner for collections on private property.

Please note - we do NOT endorse house to house, business to business collections – this also requires a permit.

Anyone collecting/asking for money must be over 18 years old. Under 18's must have the written permission from and be supervised by a parent or guardian.

Wotsit

Wotsit came to us on the way to be euthanised because he had proved to be unsuitable as a child's pony. Wotsit has congenital cataracts which mean his vision is not 100%. He also has Irritable Bowel Syndrome so we have to be very careful with his diet. He spends his time very happily at Ferne and is often seen with his friend Arnie.

Our fundraising team can write a letter of authority if required, we will just need the full details of your event or challenge.

This can be a handy tool to use if you're needing to book a venue, get your employer on board or looking for a high value donor.

We can provide t-shirts, collection pots, stickers for buckets, leaflets, and Ferne merchandise for prizes or goodie bags – please don't hesitate to ask if you need anything else and we can see what we can do!

REMEMBER TO SEND US YOUR PHOTOS OF THE EVENT TO POST ON OUR SOCIAL MEDIA PAGES AND WEBSITE.

Insurance;

Please check if you need to be covered by any insurance. For example if organising an event you will require public liability insurance – it is always worth checking with a venue, as they will usually already be covered.

Raffles and Lotteries;

There is strict legislation surrounding raffles, lotteries and prize draws, e.g. if a raffle lasts longer than 24 hours you will need a lottery licence and printed tickets. Please visit gamblingcommission.gov.uk for more information.

Food Hygiene;

Make sure if you are dealing with food, you do so to the highest hygiene standards – for a comprehensive guide and tips visit the Food Standards Agency - food.gov.uk If you are using a caterer – make sure to obtain a copy of their food hygiene certificate or if serving alcohol that the venue has a licence.

Health and Safety;

Don't forget about risk assessments and first aid on the day. Visit the Health and Safety Executive website for more information - hse.gov.uk/event-safety

General;

It is your responsibility to ensure all funds go to Ferne Animal Sanctuary - any funds that do not, it is your duty to let all donors know why and where the funds went.

It is important to state you are raising funds 'in aid of Ferne Animal Sanctuary' and make sure you include our Registered Charity no. 1164350 on any written material.

Ferne Animal Sanctuary reserves the right to ask you to stop fundraising should you or your event do something that threatens to damage the name or reputation of the charity.

Star

Star has come to retire from life as a dairy cow. The farm hands who looked after her became very attached to her due to her lovely personality.

They spent months raising the money to buy her from the farmer to save her from the usual fate as a dairy cow! She will now spend the rest of her days with us and our small herd of cattle.

*Our three key objectives are
Prevention, Rehoming and Sanctuary.*

Cilla

Cilla, we suspect was born prematurely and came to us completely bald! She was hand reared by the farmers wife who then couldn't bear for her to go to market. Over the years she has grown a full coat but does still have a few sparse patches which need regular moisturising and sun cream!

Ferne Animal Sanctuary is a regulated member of the Fundraising Standards Board, and is accountable for our fundraising. We promise to always be honest, open and accountable in our fundraising, helping you to give with confidence. For more information, visit www.frsb.org.uk
