# TRAIL MAP

**CAN YOU  
FIND ALL OF  
OUR DOGS?**

This trail will take you on an adventure to visit our twenty fabulous dog sculptures located all around Exeter. In the process you can discover all that this wonderful, accessible city has to offer and of course all the locations are dog friendly!

Each dog has been individually designed and painted and is truly unique – so why not find them all!

We'd love to see your photos, so please share them on social media.

Special thanks to the students of Exeter College who have worked so hard to bring nine of the sculptures to life for us!

## About Us

Ferne Animal Sanctuary was founded in 1939 when Nina, Duchess of Hamilton and Brandon realised that service men and women going away to war wouldn't have anyone to look after their animals. She put a call out on the BBC offering refuge and they came in their droves. Fast forward over eighty years and today we continue to take in animals from across the South West and beyond and either keep them here at the sanctuary or find them loving, forever homes.

We provide refuge for over 300 animals at the sanctuary and rehome over 500 cats and dogs each year.

It costs over one million a year to keep the Sanctuary going and this trail will help fund our vital work.
