#### Your New Playground - Option 2

#### Your Installation

#### Transforming your Playground!

Our installation team consists of hard-working, positive people with a drive to create better educational learning and play spaces for young people. Determined to make the customers' vision a reality, our teams bring the same level of dedication to every project and will endeavour to make sure that each install goes as smoothly as possible, fitting seamlessly into your every-day school life.

#### What Do Our Customers Say?

"The onsite team have worked in harmony with us ensuring the safety of the pupils each day, and the quality of their workmanship is excellent. Please pass on our thanks to them."

- Fiona Bedding, Widcombe C of E Junior School, Bath

"It has turned out to be a great result and the workmen were lovely, completed to a high standard and speedy! So much so, I haven't had a chance to write the risk assessment yet so have pretended that it needs more 'drying' time before use!."

- Abby Basset, Windmill Hill Academy, Cornwall

Rob Williams - South Installer

#### Book a Toolbox Talk!

Pentagon Play installers love hosting toolbox talks with the children!

vve welcome all schools to bring a class of children outside to learn about construction!

"I don't think Widcombe Juniors could be more happy with the outcome of the play project designed and installed by Pentagon Play. The service offered from start to finish of the project has been outstanding."

- Fiona Bedding, Widcombe C of E Junior School, Bath

"From conception to execution Pentagon have communicated effectively and plans have been easily adapted to suit our needs. Our MUGA is a fantastic addition to our school."

- Gary Tucker, Woodmancote Primary School, Cheltenham
